

Request for Quotation for procurement of Bicycle

At ChildFund India, we believe that child's needs are dynamic and varies across with different ages and geographies. The well-being of any child is shaped by multiple factors, thus we support children through every stage of life, ensuring they grow up healthy, educated, skilled, protected, and climate-aware and achieve their developmental milestone.

We integrate health, education, child protection, youth skilling, and sustainability and resilience into a comprehensive programmatic approach based on the needs of children.
